

## Acknowledgements

This project was funded by the Agricultural Marketing Service (AMS), U.S. Department of Agriculture, through a cooperative agreement that provided funds for a special contract between the North Carolina Department of Agriculture (NCDA) and the Department of Agricultural and Resource Economics, North Carolina State University. Appreciation is expressed to Hal Ricker, AMS/USDA, and to M. Wayne Miller, NCDA, for their interest and help in funding the project. Ross Williams, NCDA was instrumental in writing the grants and coordinating the various groups involved with the project. Additional funding was provided by the North Carolina Association of Nurserymen (NCAN) and the eighteen independent garden centers that participated in the survey. Craig Hayes, Deputy State Statistician, North Carolina Agricultural Statistics, helped develop the questionnaire, Dee Webb supervised data collection efforts, and Phyllis Williams summarized the data for analysis. A special note of thanks goes to W. A. "Bill" Wilder, Jr., Executive Director of NCAN, for his assistance in coordinating the survey and "keeping the project alive" during the planning phases.

### Garden Center Survey Locations

Dr. **Charles D. Safley** Associate Professor, Department of Agricultural and Resource Economics, North Carolina State University, Raleigh, NC 27695-8109

Dr. **Michael K. Wohlgenant** - Professor, Department of Agricultural and Resource Economics, North Carolina State University, Raleigh, NC 27695-8109
